WALWORTH & SOULE.

If you intend to use any paints this season we can sell you the
Sherwin Williams & Co's, Paints

They are of a higher grade than has heretofore been offered ready for use. They are made of strictly pure and suitably prepared materials, and by the use of specially adapted machinery, the preparation is the most perfect known in modern times. They reach the highest degree of excellence, as to quality, beauty, durability and economy, they are in every respect superior to any paint mixed by hand, (including white lead and oil), also to the many mixed paints in the market, and not at all to be compared with them. They are not low priced, because the quality will not add to it. But they are more economical to use, than others, because of their greater covering and enduring qualities. You are respectfully invited to call on us, and personally examine specimens of more than ordinary merit, we can convince you that this paint is the *cheapest*. A full line of Drugs, Medicines, Toilet Articles and Staple Groceries.

Prescriptions a specialty.
